

Self-adhesive tapes are used to install Barrier-Bac vapor barriers by sealing the laps of vapor barrier sheets. Barrier-Bac has three (3) types of tape to meet the various requirements of different jobs.

XF Seam Tape

Barrier-Bac XF Seam Tape is specifically designed to work with Barrier-Bac vapor barrier products. This thick, ribbed, 28-mil tape has a very high adhesive strength to seal all seams. The tough outer layer is a 5-mil cross-laminated membrane and the adhesive is 23-mil modified asphalt. This tape has a silicone release paper.

White Bond Tape

Barrier-Bac White Bond Tape is a smooth-surface, 9-mil tape. Its adhesive is made with a synthetic rubber compound which provides excellent bonding in low temperature applications. With easy-tear edge and no release paper, this tape is easy to use on the job site.

Double-Sided Termination Tape

Barrier-Bac Double-Sided Termination Tape is a double-sided adhesive tape. This tape is a 25-mil, high performance, pressure sensitive tape. It's adhesive is made from a blend of synthetic resins, thermoplastics and rubber. It has a transparent plastic release paper.

Application & Installation

XF Seam Tape

This ribbed tape works perfectly with ribbed Barrier-Bac vapor barrier products to form an interlocking mechanical bond and tightly blocks moisture from entering through seams. It can be used to join all seams and joints. It is also used with Barrier-Bac membrane to seal the penetrations and repair damage.

White Bond Tape

This smooth-surface tape is used to join seams/joints, seal penetrations and repair damage of Barrier-Bac vapor barrier VB-250 and VB-350.

Double-Sided Termination Tape

It is used to terminate Barrier-Bac vapor barrier VB-250/VB-350 sheets. It is also used to tape VBC-350 composite vapor barrier from the inside to get 100% Peel Adhesion strength against concrete, as well as, hide the tape from being seen from outside.

	XF Seam Tape	White Bond Tape	Double-Sided Termination Tape
Thickness (mil)	28	9	25
Dimension	4" x 150'	4" x 150' (96mm x 45.7M)	2" x 50'
Packaging Availability	9 rolls per carton 20 cartons per pallet 180 rolls per pallet	12 rolls per carton 27 cartons per pallet 324 rolls per pallet	16 rolls per carton 48 cartons per pallet 768 rolls per pallet
Color	Black with white logo	White	Gray
